Hi 17.17,

Thanks for letting us know about this issue. I corrected it this time, and the problem should not occur again. Please be patient, sometimes it takes 1–2 days for this change to take effect.

Hi Academia Support,

Re: ticket #950451

I have successfully reset my password and can log in normally.
However, my account is still flagged as suspicious and still shows:
"Your account was flagged as suspicious, and your reconsideration request is awaiting manual review."

Please remove the suspicious flag and restore full access.
